The court has refused any further aid to the approaches now being put up to the Walters' Ferry Bridge. The court has paid $600 00 on the bridge $100 00 for the right of way and $200 00 toward the approaches, making in all $900 00. The citizens have paid in nearly $1,100 00 or $200 00 more already than the county. They rather expected the court to complete the job, after having done so much themselves for the enterprise, but Judge Derickson says no. Now the question is up to the citizens who have already done so much. It is all done now but the dirt grades which the people can do with their own labor. Let us all put in one days work and a team and plow a day or two and we have it finished. It would be nice ot have the county do things for us but when they refuse it is up to ourselves. So all hand together and let us finish the grade and get the use of the bridge this winter. Everyone interested should meet at the bridge Friday and Saturday of this week and help get this work done. Bring your team plow and scraper. This is the time set for this work and if enough comes in we should get through this week. Let all help.

Tommy Get Your Gun.

The game law opens tomorrow and then you can shoot and kill all the game you want to or all you can hit with your gun and you can find, provided you have permission from the land owners, but you mustn't seel any partridges. Many farmers want no hunting on their places except what they do themselves. They have the privilege to keep hunters out and to have them taken up and fined for violating their wishes if they so desire. So better be careful and get permission from the land owners before you enter their premises to hunt any as it is liabel to be expensive sport if you fail to do so.

The Powers Trial.

Because of the absence of about 100 witnesses of the 132 summoned by the Commonwealth a postponement of one day was granted Monday by Special Judge John Morris in the in the fourth trial of Caleb Powers, which was called at Georgetown. The defense announced that it would urge a trial at this term of court. A new line of defense will be adopted, it is believed, and Powers' attorneys will attempt to show that Henry Youtsey not only concocted the conspiracy which led to the assassination of William Goebel, but fired the fatal shot himself.

New Paper at Frankfort.

Frankfort is to have a new daily paper to be started soon as the new Administration assumes the offices in the Statehouse. The Republicans of Frankfort perfected plans for the new paper and will form a stock company to finance it. The paper will be Republican in politics naturally and will be published in the afternoon. As yet the editor has not been selected, and it is not konwn who will have charge of the paper. But those who are behind it say that there will be plenty doing when it enters the field.

We have had some nice hog killing weather but most of the farmers are a little suspicious of the yet early season. The hog market is very sluggish and is getting no better. They are now one cent a pound lower than they were thirty days ago and the decline continues.

Mrs. George Maxwell, little son and daughter, of Rosslyn, visited friends in the city Saturday and Sunday.

Few people perhaps know it, but nevertheless the farmers of Kentucky pay 53 per cent. of all the taxes of the State, while the town folks pay only the remaining 47 per cent. In fact, the farmer is the backbone of the county, and not the laughing stock he is regarded as being by some of the city dudes who never hoed a hill of potatoes.

ANNOUNCEMENTS.

For County Clerk.

We are authorized to announce CHAS. EWEN candidate for County Court Clerk, subject to the action of the Democratic party.

For Jailor.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

A Foundation Principal.

One of the foundation principles of the American Society of Equity should be Amerca for those who are, or who will become true Americans. We want no people here who will not amalgamate with the white race, and we want none who come here merely to get a few hundred dollars and expect to return the old country to spend it. These people are all right in their place and we should help to educate them to demand equity wherever they are, but by coming here they compel the American farmer to compete for the privilege of production, and compete with these people is impossible to men who demand not only the necessaries but the comforts of life. Land, in some parts of the country, is being rapidly monopolized, and if the owners of the monopolized land can get cheap labor to work the land they will refuse to sell to small owners and we would soon be in the condition of England, Ireland and other European countries, where large land owners make stock ranches and even huge parks of their farms rather than allow poor people to occupy it.

New Primary Election Bill.

Senator Albert Charlton, one of the holdover State Senators, will introduce a bill in the Legislature providing for primary elections being held at the expense of the State. The way the primary funds are now raised it keeps a number of aspiring candidates from entering the field because they have not the money to pay the entrance fee and are therefore frequently barred from office. Under the proposed new primary law, the selection of officers of the election will be the same way as the selection of officers for the general election and the same law will apply to both elections.

Printed by Request.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, Compound Syrup Sarsaparilla three ounces. A local druggist is the authority that these simple, harmless gredients can be obtained at nominal cost from our home druggists. The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially atnight, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strog or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

J. B. EATON.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by buiding up the constitution and and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Get from any prescription pharmacist the following:

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are symply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers also recommends it as harmless.

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

WEEKLY COURIER-JOURNAL And THE TIMES

Both one year for only

One Dollar.

The Presidential election is approaching. "Times have changed. That is all. Mr. Watterson is a Democrat, and has always been a Democrat, never a Republican. Essential differences out of the way, Democats are getting together. The Courier Journal is going to support the ticket. And there you have it."

Send your order for this combination to us—not to the Courier-Journal. The regular price of the Weekly Courir-Journal alone is $1 a year.
